Volunteer Mission

We're creating a movement...
changing the landscape...and
uniting the community for greater
collective impact and opportunities
for both personal and professional
growth.

AHSID is committed to providing
our volunteers with coaching and
counseling to increase their
knowledge of HS and inflammatory
disease, gain a fuller understanding
of the healthcare environment,
develop and sharpen critical
capabilities and skills, and learn
how to best partner with important
stakeholders.

Expectations of Volunteers

- Take on a mission-driven, well-defined volunteer role that will have a tangible impact on the community.
- Perform the role with a mindset that promotes inclusivity, collaboration, and community engagement among the AHSID team and larger patient community.
- Be open to becoming empowered with skills and experiences to foster personal and professional growth.
- Commit to the defined number or range of volunteer days/hours agreed upon when joining the AHSID Volunteer program.
- Adhere to AHSID protocols for a safe and healthy work environment.
