

➤ PeDRA Leadership

BOARD OF DIRECTORS (as of January 1, 2022)

Ilona Frieden, MD
PRESIDENT
University of California San Francisco

Anna Bruckner, MD
PRESIDENT-ELECT
University of Colorado

Leslie Lawley, MD
TREASURER
Emory University

Lisa Arkin, MD
University of Wisconsin

Keith Choate, MD, PhD
Yale University

Yvonne Chiu, MD
Medical College of Wisconsin

Carrie Coughlin, MD
Washington University

Elena Hawryluk, MD, PhD
Harvard Medical School

Jen Huang, MD
Harvard Medical School

Raegan Hunt, MD, PhD
Baylor College of Medicine

Michele Ramien, MD
University of Calgary

Dawn Siegel, MD
IMMEDIATE PAST PRESIDENT
Stanford University

Jeffrey Sugarman, MD, PhD
University of California, San Francisco

Megha Tollefson, MD
Mayo Clinic

PRESIDENT'S MESSAGE

Dear Friends,

PeDRA was founded on the value of collaboration and the importance of multiplying individual potential by coming together on research projects and scientific exploration. As PeDRA steps into its tenth year, I find myself reflecting on our collaborative strengths and the dedication, commitment and power that each individual member brings to our over 579 member strong community. I'm so glad that you are here.

Sometimes one simple thing can make a huge difference in the lives of many. PeDRA witnessed several, impactful, individual events last year that we are so excited to showcase for you in this report. Of particular note are PeDRA's addition of a new mid-career investigator Career Bridge Research Grant, the formation of a new committee to support issues around equity, diversity and inclusion, and the welcoming of a dedicated biostatistician to PeDRA's staff in 2021.

Beyond these unique milestones, PeDRA continued to grow and excel in every possible dynamic in 2021. Our grants and awards programming expanded by over 46%, we welcomed 153 new members, and released 26 virtual educational programs that were accessed more than 3000 times.

Please spend some time exploring the highlights of PeDRA's 2021. Our collaborative community expands and empowers our individual efforts and the science we support continues to impact the lives and healing of children with skin disease.

I look forward to your continued support and commitment in 2022 and I thank you so much for the energy and light that you bring to our community.

Most Sincerely,

Ilona Frieden, MD
University of California San Francisco
PeDRA President

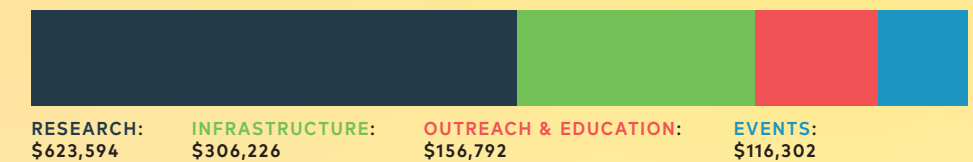

Visit PeDRAresearch.org/annual-report-2021 to learn more about these and other measures of success in 2021.

INCOME: \$1,407,860 (\$1,046,010 IN 2020)

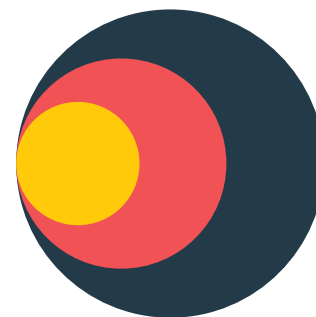

MISSION-DRIVEN EXPENSE: \$1,202,914 (\$861,560 IN 2020)

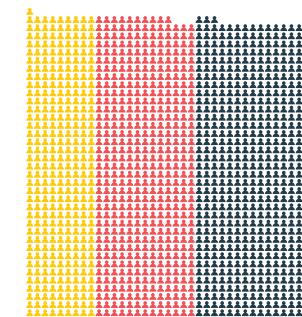

THE POWER OF ONE:

- 1** new committee to support issues of equity, diversity, and inclusion (EDI) in pediatric dermatology research.
- 1** new grant opportunity—the Career Bridge Research Grant offering \$80,000 to support one mid-career investigator.
- 1** new fun run—the inaugural Dash for Discovery welcomed 59 participants and raised more than \$6,500 from donors and patient group partners.
- 1** patient-focused research priorities project initiated by the 15-member PeDRA Patient Advisory Committee and with the support of PeDRA's 2019 PCORI Engagement Award.
- 1** new challenge for each Focused Study Group to generate at least one disease-specific EMR template by summer 2022.
- 1** biostatistician hired by PeDRA to provide free, centralized statistics support for PeDRA Members conducting PeDRA Studies.

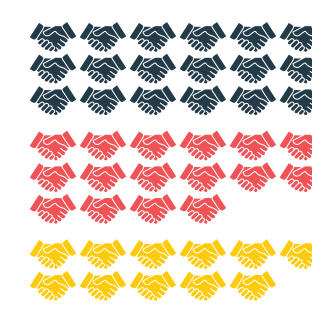

GROWTH: (●=2021 DATA; ●=2020 DATA; ●=2019 DATA)

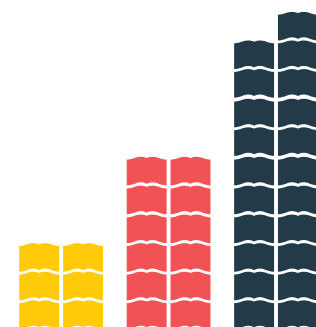

>\$400,000 to support projects and investigators through **seven grants and awards programs** including the second year of the PeDRA Research Fellowship program.
(\$300,000 in 2020)
(\$176,000 in 2019)

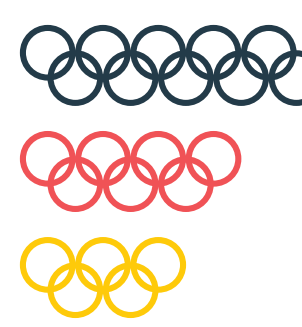

579 total members at year-end, 68% of whom are either trainees or early-career investigators within 7 years of training.
(426 in 2020)
(298 in 2019)

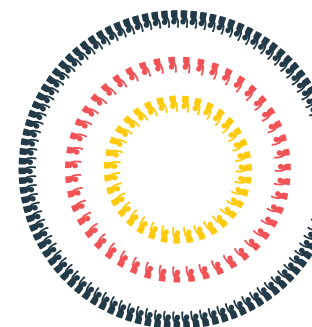

18 partners engaged as part of the **PeDRA Corporate Council**, contributing vital resources and strategic partnership.
(16 in 2020)
(11 in 2019)

21 PeDRA publications reached print in 2021 bringing PeDRA's total to 50 by year-end.
(12 in 2020)
(6 in 2019)

10 Focused Study Groups dedicated to disease-area-specific collaboration approved by year-end.
(7 in 2020)
(5 in 2019)

101 individual donors committed a total of \$37,622 in 2021, including 35 first-time donors.
(47 in 2020)
(35 in 2019)
Thank you to everyone who supported PeDRA in 2021.
